GENERAL SKILLS

- Excellent attention to detail and accuracy
 - Strong communication, listening, and interpersonal skills
 - Reliable team member and independent worker
 - Highly adaptable and self-driven learner
 - Creative mindset with an eye for design and user experience
-

PROJECTS

Accountant Website (In Progress)

Designing a professional financial website for an accountant company in London using Wix CMS. Focused on presenting services clearly, integrating a booking calendar, and ensuring responsive design. Customized design layouts, applied SEO practices, and implemented CMS dataset-driven pages. Tools: Wix, Figma, HTML, CSS (custom code embedding). Created mockups and wireframes in Figma to define layout and user flow

E-commerce Website (University Project)

Developed a fully functional responsive online store including product filters, cart logic, and UX-focused layout. Tools: HTML, CSS, JavaScript, Figma, Affinity Photo

High Fidelity Prototypes

Wireframes and High Fidelity Prototypes created with Figma to demonstrate a complete user flow and visual design system for a responsive web application. Tools: Figma, Affinity Photo, Adobe XD

User Feedback App

An interactive food feedback app designed to collect and display customer impressions in a visual and engaging format, with a built-in recipe search powered by a public API. Users can search meals and give feedback using emoji reactions (like/dislike/neutral). Focused on user experience, responsive design, and real-time interactivity. Tools: HTML, CSS, JavaScript, fetch API, DOM manipulation

WORK EXPERIENCE

Stock Taker – Orridge

April 2024 – Present

- Conducting detailed stock checks for retail clients, ensuring product accuracy and compliance
- Developed a strong understanding of retail operations, product categorisation, and merchandising accuracy.
- Demonstrated efficiency and precision under time-sensitive conditions.
- Using scanners and software tools to log inventory
- Managing time-sensitive tasks with minimal supervision

Marketer – ESMISA CI (Ivory Coast)

Dec 2010 – Feb 2011

- Promoted products and services to new clients
- Conducted field marketing and generated customer interest
